<b>Admissions Oversubscription Criteria</b>	
<b>School Name:</b>	Oasis Academy Skinner Street
<b>DFE Number:</b>	887 2006
<b>Local Authority</b>	MEDWAY
<b>Type:</b>	Primary
<b>Criteria Number</b>	<b>Criteria Description</b>
1	Looked after children (see note 2) and children who were looked after, but have ceased to be so because they were adopted or became subject to residence order or special guardianship order.
2	Siblings, where there are siblings in attendance at the preferred Academy and who will still be on roll in the year of entry (see note 4). Sibling refers to brother or sister, half brother or sister, step-brother or sister or the child of the parent/carer's partner where the child for whom the place is sought is living in the same family unit at the same address as that sibling.
3	Children (or parent) with exceptional medical or social needs (see note 3) that make it essential that they attend Oasis Academy Skinner Street rather than any other. These needs must be fully supported by written evidence from the appropriate professional person involved with the family.

4	<p>Geography: children living closest to the Academy (see note 5) as measured by the shortest available walking route from the home address to the Academy. The home address is where the child spends the majority of the time and is living with the person who has parental responsibility and is the main carer as defined in section 576 of the Education Act 1996 (documentary evidence may be requested). If a child regularly lives at more than one address, the Academy will have to reach a conclusion about which should be counted as the main address, when allocating places. This will normally be the address where the Child Benefit is paid and where the child is registered with a doctor.</p>
	<p>In the event of over-subscription in any of the criteria above, proximity of the child's home to the Academy, as measured by the shortest safe walking route, with those living nearer being accorded the higher priority, will be used to determine which children should be offered places. If the distance is identical then a random allocation in the presence of an independent person will take place. The local authority GIS (geographical information system) will be used to determine distance.</p>
