

# WHAT WILL WE LEARN TODAY?

**Home learning: Wednesday 3rd March**

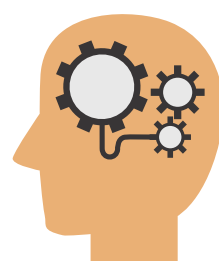

## Literacy: Reading time

Log in to MyOn using the link in the play icon. Choose one of the fairy tales that we have recommended and read the story together. Read the book to your child and make plenty of time to ask questions and notice the pictures. What happens? Do they like the book? Why do they think the characters acted in the way they did?

Reading together is the most important home learning you can do with your child. MyOn makes it easy for you to access a wide range of books online.

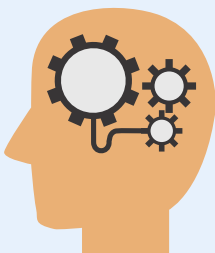

## Maths: one fewer

Listen to the song "Ten in the Bed". Can you fit ten toys in your bed? What happens if you push one out? Count how many are left. Carry on until you have none left! Is there anything you notice about taking one away each time? Can you work out one fewer in other ways, like counting backwards?

Learning one fewer helps children to grasp the beginnings of subtraction. It helps them to notice some of the patterns here - like being able to count backwards by one means you can work out one fewer.

## Physical development

Try Cosmic Kids Yoga for your physical development today. This video follows the story of Jack and the Beanstalk, which is one of the traditional tales we will learn about this term.

Yoga helps children to develop coordination, control and balance. Following the instructions also develops their listening and attention. Children enjoy following the stories of these yoga activities especially adapted for them.

**Are you ready to learn and play? Click on the icons for play ideas in videos:** 

**Share pictures or videos of your learning via Tapestry:**
