Draw lines to show the partners. How many pupils don't have a partner?

Can you write an equation to show this?

1) There are five boys and two girls.

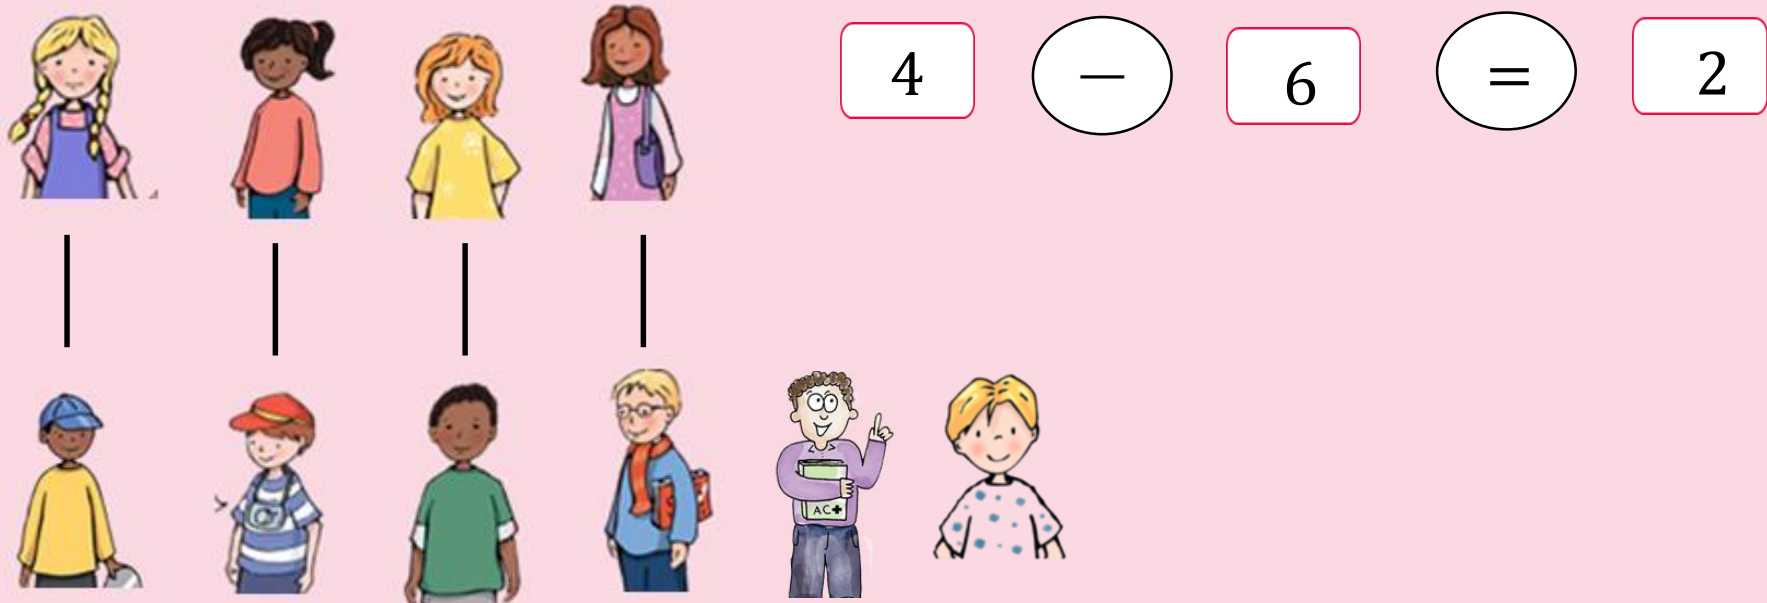

Addressing a misconception

Plenary

How many boys don't have a partner?

What has this child done wrong?

Can you correct them?

Feedback

Was there anything you found tricky?

Was there anything you thought you did well with?

How can we help you?
