Talk Task

I rolled a three. One, two, three yellow cubes.

We need one more yellow cube for each blue cube to have a partner.

I rolled a four. One, two, three, four blue cubes.

Talk Task

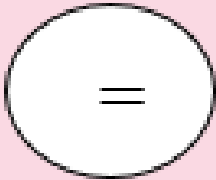

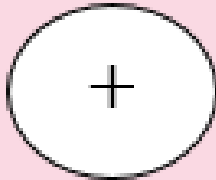

My Turn

New Learning

Our Turn

New Learning

Draw lines to show the partners. How many more boys or girls are needed so each has a partner?

Can you write an equation to show this?

1) There are three boys and four girls.

Independent Task

Addressing a misconception

How many more girls are needed so that every boy has a partner?

What has this child done wrong?

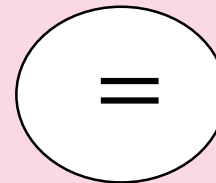

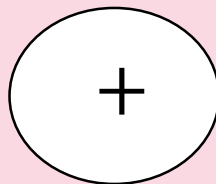

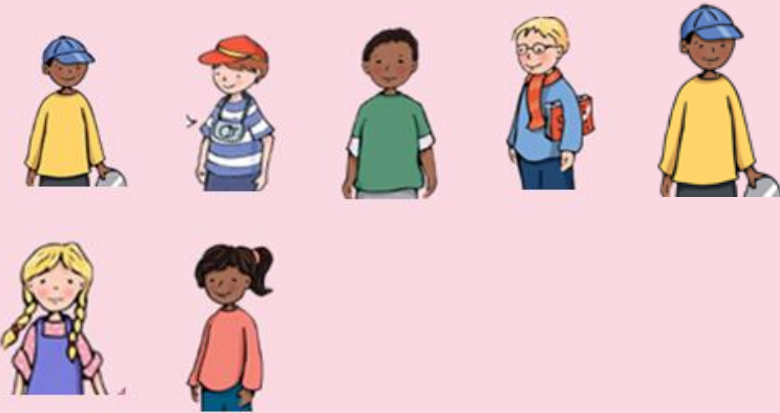

Can you correct them?

Draw lines to show the partners. How many pupils don't have a partner?

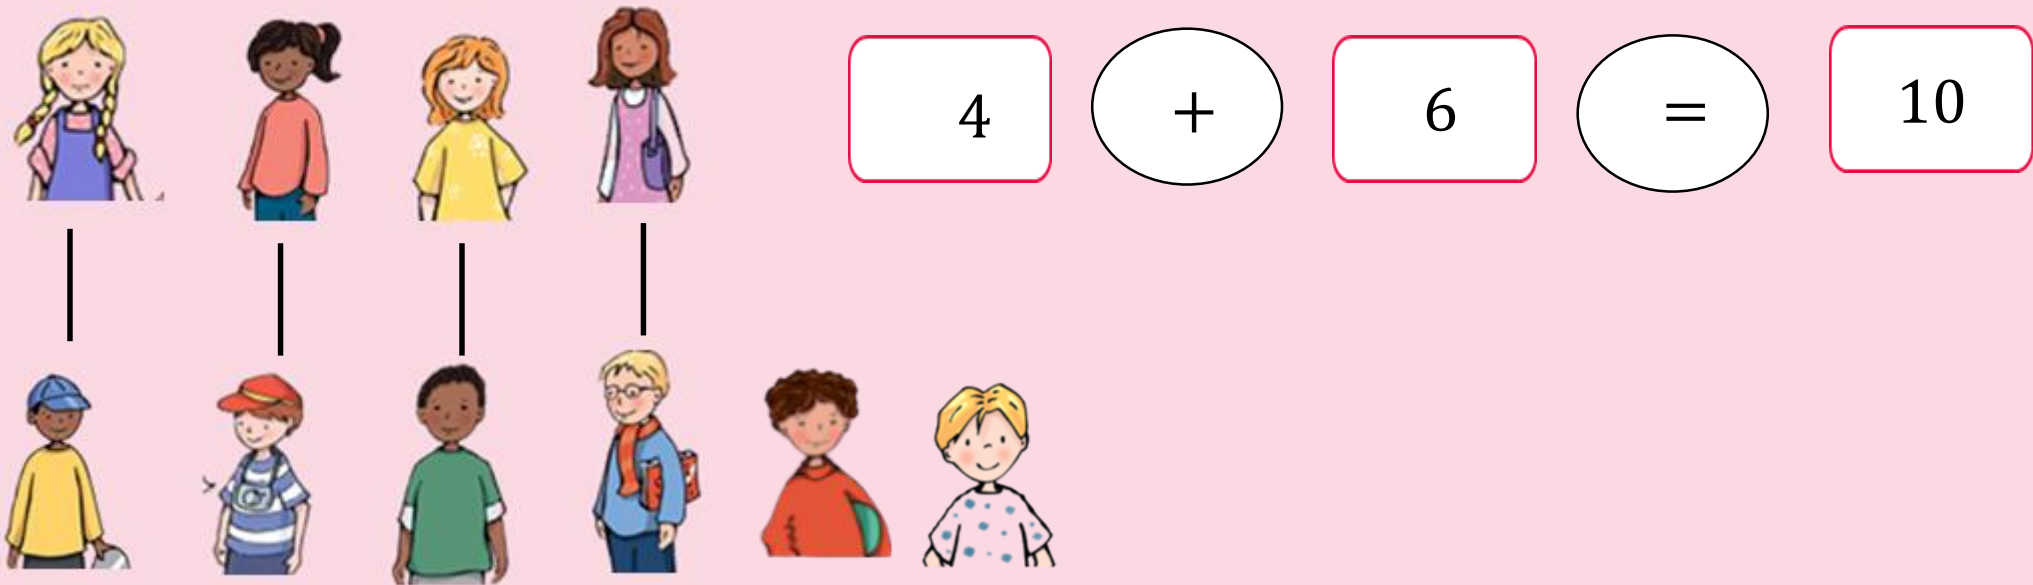

Can you write an equation to show this?

1) There are five boys and two girls.

Addressing a misconception

How many more girls are needed so that every boy has a partner?

What has this child done wrong?

Can you correct them?

Feedback

Was there anything you found tricky?

Was there anything you thought you did well with?

How can we help you?
