LI: I will know how to create my design for my clay piece.

Last week we drew more detailed drawings of plants, flowers and leaves. This week we will be using these drawings to create designs for our clay pieces.

Today you will need paper, pencil (sketchbooks in school) and your previous drawings to refer back to.

LI: I will know how to create my design for my clay piece.

Here are some examples  
of your more detailed  
drawings from last  
week

LI: I will know how to create my design for my clay piece.

This time you are looking back at the drawings you have done and choosing the parts that you think will make the best design for your clay model. Taking into consideration that you will be modelling these using clay (or playdough):

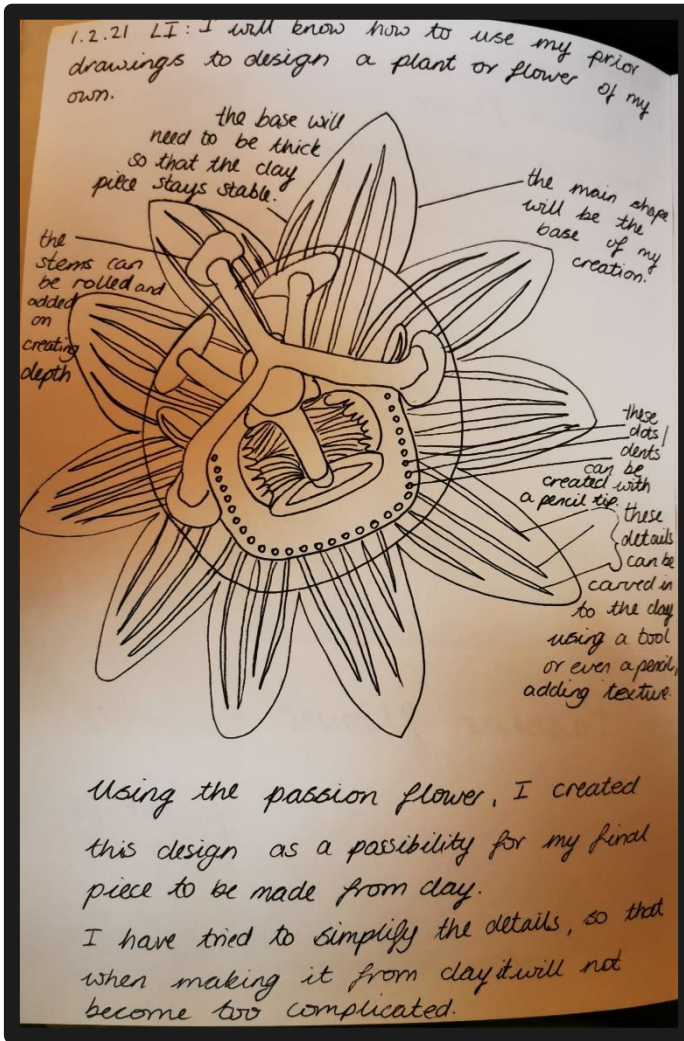

How thick will I make it...

How much detail do I want to add...

Will my design work as a 3 dimensional clay object...

Can I make it simpler, rather than too complex...

LI: I will know how to create my design for my clay piece.

This is my example: I used the passion flower drawing to support my design. I have also annotated my design, labelling how I may make it with clay.
