Welcome to KSI science - plants and trees. The lesson will begin at 1.45pm. Please keep your camera and microphone turned off.

The investigation needs carrot tops, a plastic container and some kitchen roll.

## Science Term 3 and 4. Plants and Trees

Week 5 - what plants need to grow.

temperature water

light condition investigate

Review.

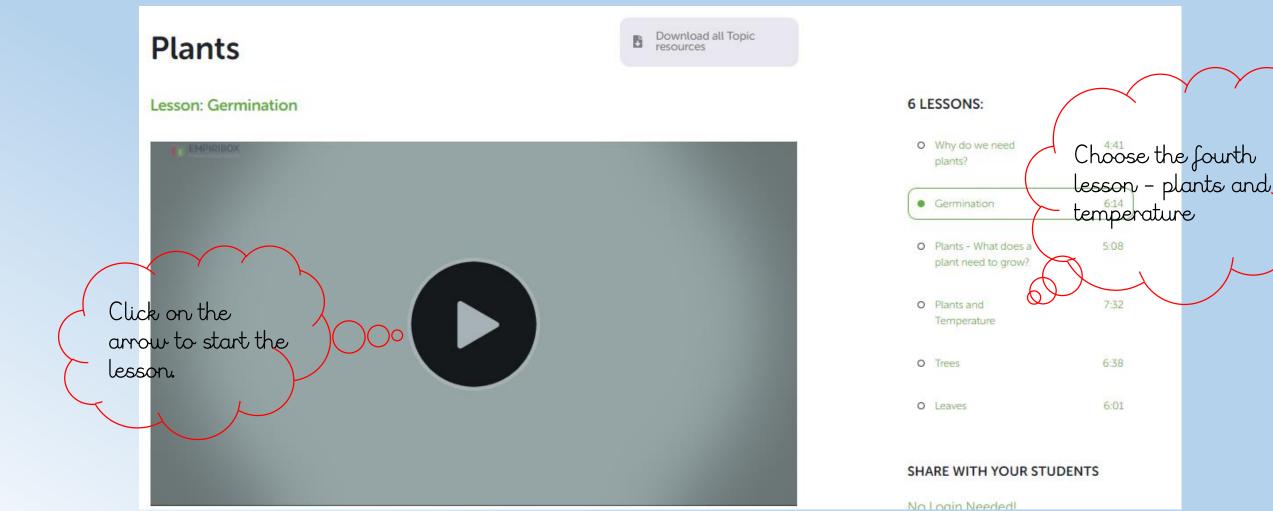

Can you draw a plant and label it's parts?

This week we are finding out about what plants need to grow and we will be using Empiribox @ Home for the lesson.

In this lesson we will look at what conditions are needed for plants to grow.

You will need to use Empiribox @ Home.
Search for Empiribox
Then choose Empiribox @ Home

You will need to click on KSI and then choose the topic Plants.

Don't worry if you can't see the clip, you can download the work sheets and the information on the clip which are on Teams.

See you back in 20 minutes.

## This was the challenge.

Look at the statements below. Can you work out which is the odd one out and circle it.

Plants grow best when the temperature is right

Seeds need light to germinate (start growing).

The root makes the food for the plant.

Why do you think that?
