

Welcome to Year 2 English

The lesson will begin at 10.35

Please keep your camera and microphone turned off.

You will need a pencil and some paper.

Today's Lesson

Handwriting

Spot the mistakes

Guided reading

Brain break

Making a fact file.

Review

Handwriting

• This week you will practise writing some of the Year 2 common exception words.

• It is important to practise writing on the line and forming the letters in the correct direction. If possible try to join the letters together.

Handwriting

Write down one row of each word.

The forest was beautiful.

Greta climbed a tall tree.

Challenge

Write down your own sentences containing one of our focus spelling words.

any because beautiful climb only past

You have 2 minutes to find and correct the mistakes.

she stood alown, holding a big sing. The sign said STOP!

The mistakes have been highlighted in red. she stood aloun, holding a big sing. The sign said STOP!

The mistakes have been corrected in green.

She stood alone, holding a big sign. The sign said STOP!

Guided reading

The next morning, Greta went to the middle of the forest and waited for the Giants to come. She stood alone, holding a big sign. The sign said STOP! She waited......and waited......

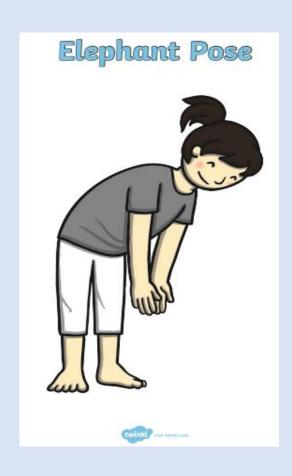

How does Greta feel? How do you know?

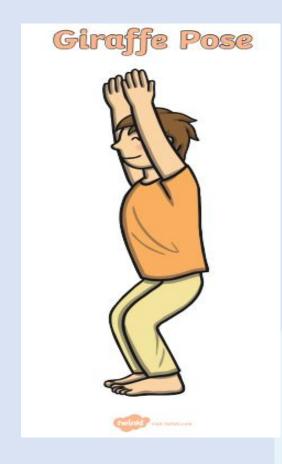

Can you predict what will happen next?

2 minute brain break-Yoga

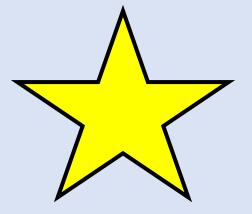

Thursday 4th March 2021

I will know how to make a fact file.

facts information Greta global warming deforestation polar icecap

<u>I do</u>

These are the facts I wrote on Tuesday about Greta and global warming.

- Greta Thunberg is 18 years old.
- · She comes from Sweden.
- She was angry about the effect of climate change on our planet.
- She spoke to lots of important world leaders trying to persuade them to act straight away.
- Global warming is the effect of the smoke from factory chimneys, exhaust from cars and planes.

And these are yesterday's facts.

- High temperatures cause forest fires which burn down thousands of trees.
- The animals who live in the forests either die in the fires or have nowhere else to go.
- High temperatures are causing the polar ice caps to melt. This means seas and rivers will be bigger.
- Some small islands may be drowned as sea levels rise.
- Polar bears will lose their habitat and the food they eat.

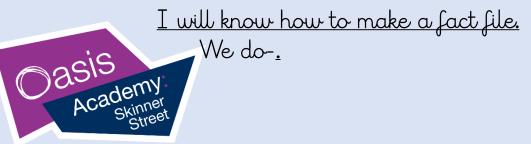

We do-.

Can you share one fact with us?

We do-.

We are going add our facts to a fact file.

Greta Thunberg Fact File

I will know how to make a fact file,

Draw a picture of Greta here.

Write a fact about Greta

Write some facts about the causes of global warning.

Write some facts about the affects of global warming.

You donow add your facts to the fact file

Greta Thunberg Fact File

I will know how to make a fact file,

Draw a picture of Greta here.

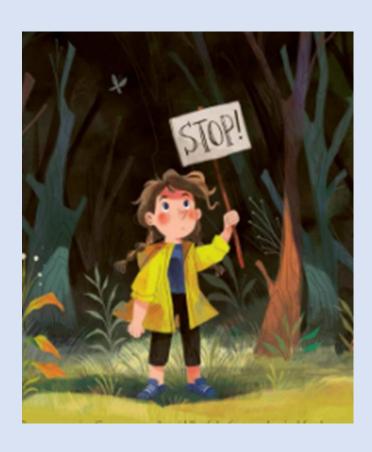

Write a fact about Greta

Write some facts about the causes of global warming.

Write some facts about the affects of global warming.

<u>Revieu:</u>

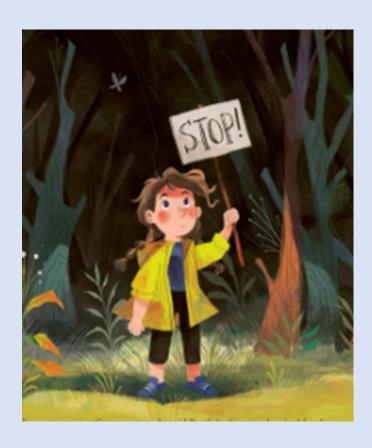

Which is correct?

Greta is pleased that the Giants are building cities.

Greta is devastated that the Giants are building cities.

Revieu:

Which is correct?

Greta is pleased that the Giants are building cities.

Greta is devastated that the Giants are building cities.
