I will know how to use commas in a list

A comma is a piece of punctuation. We can use commas for different reasons but one of it's main uses is to separate things in a list.

This is what a comma looks like.

I will know how to use commas in a list

If I was writing a list I would use commas to separate items in my list.

When writing a list you use a comma after each item in the list except for the last item. Instead of using a comma in between the last two items we use the word and instead.

, When you use a comma it sits on the line.
