Can you find Australia?

Inspire Challenge Achieve

# Today we are going to compare England and Australia.

We will collect information today to help us make a fact file next week.

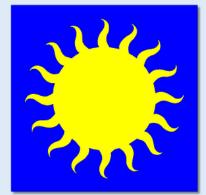

#### **English Weather**

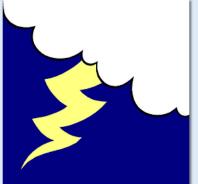

When is it hot?

When is it cold?

How would you describe the weather in England? Does it change throughout the year?

#### **Australian Weather**

The weather in Australia changes over the year. Australia has different seasons of weather.

In Summer (December, January and February), the weather is hot. Some parts of Australia are humid and other parts are dry.

In Autumn (March, April and May), the weather becomes cooler.

In Winter (June, July and August), the weather is cold and rain and storms are common. Some places in Australia get snow.

In Spring (September, October and November), the weather becomes warmer, however, it is still very mixed. There can be rain, wind and cool days.

#### **Australian Fruit**

Native – originally from that country

Australia grows many fruits including apples, pears, bananas, citrus fruits, pineapples and mangoes. However, these are not native.

#### **English Food**

What food do you eat? Can you name the foods below?

#### **Australian Food**

Australia has a rich variety of foods and drinks. Due to Australia being a multicultural country, there are many new and foreign foods that have transformed the styles and ways Australian food is cooked and served.
