

## Chilli Two

1. Complete the table below, adding character traits for each character (happy, kind, sneaky). Try to add as many as you can for each character.

Magpie	Dog	Fox

2. Pick two character traits for each character to explain why you chose it.

For example -

I picked \_\_\_\_\_ for Magpie because ...

I picked \_\_\_\_\_ for Dog because ...

I picked \_\_\_\_\_ for Fox because ...

3. Are you more likely to believe the Magpie or Fox will be the 'bad' character than the dog? Explain why / why not.
