Use the bus stop method to work out the following.

- $315 \div 5=$
- $80 \div 10=$
- $288 \div 3=$
- $684 \div 2=$
- $528 \div 4=$
- $717 \div 3=$
- $472 \div 4=$
- $968 \div 8=$
- $904 \div 2=$
- $765 \div 5=$
- $895 \div 5=$

For a challenge use the bus stop method to work out the following with a remainder (l've done one for you).

- $232 \div 5=46 \mathrm{r} 2$
- $134 \div 5=$
- $386 \div 4=$
- $541 \div 2=$
