

Remote Learning

This session will begin at 2:00 pm

Turn your camera and microphone **off** please
Have your pen, pencil and working paper ready

Tuesday 19th January 2021

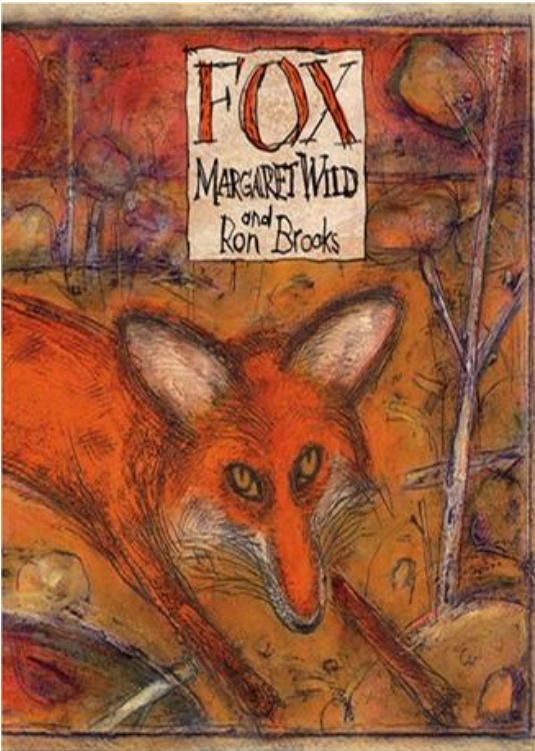

Science Forces (Gravity and Air Resistance)

A light blue, hand-drawn style swirl or arc is positioned on the right side of the slide, partially overlapping the text.

I will understand gravity and air resistance

Key vocabulary:

- Forces
- Gravity
- Air resistance
- Pairs
- Mass

I will understand gravity and air resistance

Introduction to gravity and air resistance

This afternoon, you are going to learn about gravity and air resistance!

Today's lesson is going to be a little bit different! Because the two experiments are possible to do at home quite easily, you are going to do science WITH the video!

I want you to do one (or both) the experiment as you watch the video and complete your task sheet as you go. You will submit your task sheet after the lesson and share your findings. I expect you ALL to have a go. We will put you into breakout rooms and stay online with you to help you, if needed!

<https://home.empiribox.com/lessons/forces/gravity/?token=1348CWrfF7oMkigZHiiy2G85cZcC>

You will need:

- bowl
- cup
- water
- card
- 2 balls (same)
- *paper
 - You can use paper if you don't have 2 balls
