

English-

This Term we will continue to use Read Write Inc which includes daily phonics sessions as well as targeted reading and writing.

As well as this in class we will be using our writing skills we have learnt and applying these to other areas of the curriculum.

Science-

We will be identifying and comparing everyday materials using scientific vocabulary as well as performing simple tests and experiments.

History -

In term 3 we will be focussing on our local area including the dockyard and Fort Amherst in regard to learning more about Horatio Nelson who lived from 1758- 1805.

MFL-

We will be able to revise learnt words and numbers as well as learning vocabulary related to physical features within our local environment.

Year 2 - Term 3

Towers, tunnels & turrets.

P.E.-

As well as practising previous taught skills; such as throwing and catching, we will be learning simple team game rules for football and tag rugby.

R.E.-

We will be continuing learning about stories from the bible and how people lived during Jesus' time.

Art & Design-

In Term 3 we will continue to focus on sculpture and creating 3D art using natural materials in the style of Andy Goldsworthy.

Maths- During Maths lessons we will be continue to cover multiplication and division, increasing our understand and fluency within the 2, 5, 10 and 3 timetables. We will also be looking at statistics and the properties of 2D and 3D shapes.

P.S.H.E.-

We will be looking at how we belong to our local community and thinking about ideas of improving our area.

Ms Aka, Miss Boulding & Mrs Jinks
