## Welcome back

We are over half way through the year and the children have worked really hard so far. We are pleased to welcome Miss Blunden to Buttercups class and we are both looking forward to the term ahead.

### Term 4

Last term we were able to explore different ways that we can help our environment and this term we will be looking at our community and relationships. We started to learn about materials and this term we will begin to find out about plants in our local community.

### Reading books and Phonic screening

We will be continuing to focus on the phonic screening assessment, and we will continue to send the phonic revision books home weekly. Please ensure the children return these and their reading books so that these can be marked and monitored. This will help us to develop the children's reading and phonic knowledge further in preparation for Year 2.

### English

This term in English, we will be looking at Up Sudden Hill and investigating the relationships between the characters. We will continue to support the children with their spellings within class and the children may bring home words to read with you.

### Maths

This term in Maths, we will be introducing multiplication and division, looking at grouping objects as well as counting in 2,5 and 10.

### Coronation

In the next few weeks, we will be celebrating the King's coronation and hope you will join us in our school activities.

### Clothing

As the weather warms up, the children will be taking off their jumpers and coats during the day and it has been difficult to return these when the clothes are not labelled. Please ensure that you have named your child's clothing so that these can be returned quickly.

### PE Days

Buttercups – Thursday  
Daisies - Friday
