Welcome to Term 6

We cannot believe we are already here to our final term. It's been such a busy year and the children have worked extremely hard. This term we will work towards our end of year goals as well as Sports Days, a field trip for geography and end of year rewards.

Curriculum

PE

Both classes will have PE on a Monday this term.

Children should come in wearing their PE uniform which should consist of house colour T-shirt and black/navy shorts or trousers. Black Trainers or plimsolls. House colour t-shirts will be required for Sports Day.

We will continue to focus on our athletic skills of throwing, jumping and running.

English

This term we will focus on writing extended pieces so the children can put everything they have learnt into a longer extract.

Our text will be The Tear Thief which will encourage the children to use verbs and adjectives to make their writing interesting.

Maths

In our last term we will focus on any gaps the children may have as well as finish our final units of volume, mass and temperature and time.

Science

This term our topic is living things and habitats. We will be discussing the factors which make something living and then moving onto habitats and food chains.

Reading

Mrs Gardiner's group will begin to look at longer novels, encouraging children to think about what they are reading and using their inference skills to answer questions. Miss Bissett's group will begin to look at text's more closely as well as consolidate their fluency and decoding skills. Children should read every night to help improve their speed when they read.

Attendance

Attendance is important to your child's progress. Both classes won attendance last term and lots of children received 100%, let's see if we can get even more this term. Children should be in school everyday to ensure they reach their potential.

Key Dates

19th June – Sports Day at Medway Park

The Year 2 Team
